FOR MAINE HEROES.

A Monument to be Erected in Havana.

The Senate Adopts the Joint Resolution.

Memorial to be Placed in Colon Cemetery.

Senator Harris Introduces a Resolution Declaring a Philippine Policy--Canal Bill Ready.

WASHINGTON, Feb. 3.—Mr. Hale, of Maine, chairman of the naval affairs committee, today reported in the senate the following joint resolution, and it was adopted:

"That the secretary of the navy is hereby authorized to have erected in the Colon cemetery at Havana, Cuba, a suitable granite monument to the memory of the sailors and marines who lost their lives by the explosion of the United States steamship Maine, in the harbor of Havana, on the 15th day of February, 1898, and where remains are buried in that cemetery and to suitably inscribe and inclose such monuments, the sum of $10,000 is appropriated for this purpose."

Mr. Harris, of Kansas, offered the following resolution, which he asked might lie on the table:

"That the United States hereby disclaim any disposition or intention to exercise permanent sovereignty, jurisdiction or control over the Philippine islands, and assert their determination, when a stable and independent government shall have been erected therein entitled to recognition as such, to transfer to said government upon terms which shall be reasonable and just all rights secured under the cession by Spain, and to thereupon leave the government and control of the islands to their people."

THE HOUSE.

WASHINGTON, Feb. 3.—The house committee on interstate and foreign commerce today directed a favorable report on the Hepburn Nicaragua canal bill with amendments as a substitute for the Morgan bill passed by the senate.

The essential features of the bill as reported is that it authorizes the president of the United States to acquire by purchase from Nicaragua and Costa Rica the territory necessary to build the canal and then to proceed with the construction of the canal. One hundred and fifteen million dollars is appropriated for the completion of the work authorized.

A PECULIAR PLANT.

Consul at Guadaloupe Describes It in an Interesting Report.

WASHINGTON, Feb. 3, — Consul Ayme, at Guadaloupe, has transmitted an interesting report to the state department on a peculiar plant growing wild on the island. He says that if any leaf be broken from it and pinned to the wall in a warm room, each of the angles in the undulations of the leaf begins to throw out a number of white thread-like roots. Next a tiny plant begins to sprout and this in two or three weeks attains a height of two or more inches. When the leaf begins to shrivel, which may take from six weeks to three months, the young plants may be cut out with scissors and put in the ground, where they rapidly attain full size.

When cultivated, they attain a growth of four feet and produce graceful red and yellow flowers.

The consul expresses the belief that it will make a desirable hot house or garden flower. His report, with specimens of the leaves, has been submitted to the agricultural department.

OUTRAGES IN CHINA.

Details of the Massacre of Missionaries in the Interior.

SAN FRANCISCO, Feb. 3.—In the stories of the murders of missionaries and foreign residents recently in China, the details of a particularly barbarous affair at Chongan Chiang, involving the life of an Englishman named Fleming and Evangelist Pan, have been wanting. J. R. Adams, of the Chinese inland mission, visited the scene of the murders and tells of a shocking condition of affairs in the North China Daily News.

He ascertained that the people of Chongan had determined to take the life of every foreigner in that place and when Mr. Fleming set foot in the town he was a doomed man.

At least 200 people witnessed the murder from the opposite side of the river. Evangelist Pan was suddenly and quickly cut down. Mr. Fleming dismounted from his mule to go to his assistance, but he, too, was attacked and slain after a desperate conflict. He was dreadfully wounded with sword and an iron spike. The two victims were stripped of their clothing and their bodies left for three days on the public road.

FOOD PRICES TO GO UP.

Combine to Control All Grades of Oatmeal and Other Breakfast Articles.

CHICAGO, Feb. 3.—The Chronicle today says:

A combine covering all grades of oat meal and other breakfast foods, both in bulk and package, is in process of formation and will be launched within a few days.

The capital of the new corporation that is to absorb the American Cereal company and about ten smaller concerns in the same business is now estimated at $33,000,000, although the exact figures will not be determined until the selling price of a few more outlying mills is definitely known.

Ferdinand Schumacher, president of the American Cereal Co., whose principal mills are at Akron, Ohio, has sold his holdings of 12,000 shares in that company to Robert Stuart and others, who have formed the combination to control the principal cereal industries of the United States. The capitalization of the new cereal company is to be divided into about $15,000,000 non-cumulative perferred stock paying seven per cent. interest and about $18,000,000 common stock.

"COME JOIN US."

Says the Lime Trust to President W. E. Mossman.

Western Lime Association Wants the Eaton Stone and Lime Company to Come In—Action Undecided.

Peter Martin, of Huntington, president of the Western Lime association, is in the city today to confer with W. E. Mossman, president of the Eaton Stone and Lime company. Mr. Martin is endeavoring to have the Eaton company agree to enter the lime trust, recently formed, which includes most of the lime industries throughout Ohio, Indiana and Michigan. Mr. Mossman, in an interview with THE SENTINEL reporter, says they have not yet fully decided whether or not they will enter the trust. The capacity of their kilns at Eaton is now 900 bushels per day and they expect to double their capacity this spring.

THE COURTS.

John Wickliffe Claims That He Was Robbed--Louis Banet Sent to Jail.

John Wickliffe complained to 'Squire France yesterday that he had been robbed of $5, a gold watch and a ring while in Louis Banet's Columbia street saloon. Banet, Freda Moore and Maud Ryan were arrested and Banet gave up the watch which he was wearing and the Moore woman gave up the ring. Banet then claimed that Wickliffe owed him $12 and refused to give back the $5. The cases were continued until next Monday afternoon. Banet and Freda Moore went to jail and Maud Ryan has been hunting for bail all day.

SUED IN ANOTHER.

Colerick & Commerow today filed in the superior court a case entitled Robert M Posern vs. the Wayne Knitting Mills. It is of the same character as the Kurisdorf case except that the plaintiff asks for $1,500 damages under the Indiana statute which provides that no foreigner under contract can be brought into the state.

In the superior court Judge Dawson decreed to Herman Hildinger a judgment for $200 against Paul Quilkery, for slander. The defendant did not appear.

Judge Dawson rendered the following judgments: Michael Baltes et al. vs. Chas. F. Muhler et al. for $848 05; Baum vs. Nolan, dismissed; the Wain & Ross Punch and Shear company vs. Kerr Murray Manufacturing company, dismissed; the case of Trick against Harber was fixed for trial March 13th.

Mrs. N. H. Bledsoe and Mrs. J. T. Leach have received copies of the Jeffersonville Evening News, which contains an account of their niece, Mrs. G. R. Allen, who was the first American lady to enter the harbor of Havana and land under the American flag. Mrs. Allen was presented with the emblems of the Orders of San Catholica and San Fernandina and Isabelle, by the Marquis de Cervera.

A GRAB WAS NIPPED.

House Voted Down Bill to Raise Pay of Members.

Days of Grace Bill Goes by the Board.

It Was a Very Quiet Day in Lower Branch.

Senate Passes Bill to Pension the Widow of O. P. Morton--Doings of the Legislature.

INDIANAPOLIS, Feb. 3.—A bill supposed to be in the interest of the bankers' trust. was killed in the house yesterday afternoon after Mr. Eichhorn, democrat, had exposed its contents. A proposition to increase the pay of members from $6 to $10 a day was voted down and a bill was passed, by the aid of the democrats, to abolish the mileage steal and reducing mileage to actual sworn traveling expenses.

In marked contrast to the noisy session of the day before, the house yesterday settled down to business and devoted the entire day to the passage of bills, among which were the following senate bills: One to grant ex-soldiers of the civil or Spanish wars free licenses to peddle goods; one extending the terms of the judges of the appellate court, and one accepting authority over the ground of the National Soldiers' home at Marion, (thus giving the inmates a right to vote on local and state matters).

The bill to exempt from taxation lands in cities used for agricultural purposes failed, as did also the bill providing for a high school in each township of the state or a high school education for every country scholar.

The bill abolishing three days of grace and providing that it is not necessary for a note to be payable at a bank to be negotiable was voted down. This bill was drafted by the American Bar association, with a view to securing a uniform law on this subject throughout the United States.

Just before adjournment the bill to reduce the mileage allowance of legislators from twenty cents per mile to the actual cost of three cents was passed. Twenty seven representatives voted against it. The bill amending the law establishing the superior courts of Lake, Porter and Laporte counties passed the house.

In the senate the house bill granting the widow of ex-Governor Morton a pension of $100 a month for the rest of her life was passed.

A bill regulating the common school system and the election of county school superintendents, was amended to allow women to fill the office of county superintendent.

NO FINANCIAL LEGISLATION.

Republicans of the House Decide the Subject Must Wait.

WASHINGTON, Feb. 3.—The republican members of the house of representatives met in caucus at 8 o'clock last night to determine upon a course of action in regard to framing financial legislation. The meeting was well attended, most of the prominent figures on the republican side of the chamber being present. Representative Henderson, of Iowa, presented the following resolution, which served as a text for all the discussion of the evening:

"Resolved, That a committee of eleven members of the LVIth congress, shall be appointed by the chairman of the caucus for the purpose of considering monetary legislation and submitting their recommendations to a republican caucus at the first session of the LVIth congress, with authority to confer with a like committee from the senate."

There was but little difference of opinion on the main point—that it would be futile to attempt financial legislation at this late day in the present session. Mr. Cannon said he did not think the financial legislation could be carried through until after the next presidential election. When the vote was taken it was little short of unanimous, viz., yeas, 82; nays, 4. The chairman announced that the names of the members of the new finance committee would not be announced at present.

EN ROUTE TO COLONIES.

Transport Sherman Starts for Manila and Berlin for Porto Rico.

NEW YORK, Feb. 3.—The transports Sherman, for Manila, and Berlin for San Juan, Ponce and Santiago, which dropped down to Gravesend Bay last night and anchored, proceeded today on their voyages. The Sherman which was formerly the passenger liner Mohile of the Atlantic Transport line has on board 1,300 men to reinforce the army of General Otis, composed of one battalion of the Seventeenth regular infantry and the Third regular infantry under command of Colonel Page. She also carries a full miscellaneous cargo, including a large quantity of ammunition. The Berlin goes on the regular trip of the transport service and carries the mails and a general cargo.

Among her passengers are Colonels W. P. Hall and F. E. Nye, Majors C. L. Woodburn and J. D. Twiggs, Lieutenants Walter Cox, Cromwell Stacey and L. B. Case, and sixty-five non-commissioned officers and privates.

FOUR WERE KILLED.

Two More so Badly Hurt They Will Not Live.

A Wagon Containing Six Persons Struck by Fast Train on the Baltimore and Ohio Near McKeesport.

PITTSBURG, Pa., Feb. 3.—A two horse wagon loaded with furniture and on which six persons, five men and a young woman were riding, was struck today by a fast Baltimore and Ohio freight train at the crossing at Riverton station, just above McKeesport.

Four of the men were killed and the other man and the young woman were so badly injured that they will probaby die.

The names of the dead are believed to be:

Hudson Elder.
Vest Wilson.
George Dawson.
An unkown man.

Mrs. Edna Lawson is supposed to be the name of the injured woman.

The sixth victim is a one legged man whose name is unknown.

Both the injured persons were taken to the McKeesport hospital in an unconscious state. All efforts to revive them have been unavailing, and nothing definite can be learned as to how the accident occurred.

GUTTED BY FIRE.

Manufacturing Concerns Burn in Philadelphia.

Early Morning Fire Causes a Loss of $800,000--Cleveland Suffers From a Blaze.

PHILADELPHIA, Feb. 3.—A fire which originated in the big cracker bakery of the Stewart Cracker company, at Twelfth and Hamilton streets, early today, completely gutted that structure, and damaged thousands of dollars worth of adjoining property, the total loss being estimated at from $600,000 to $800,000. The six-story building occupied by B. Hooley & Son, silk manufacturers; the Philadelphia Novelty company and P. P. Mast & Co., manufacturers of agricultural implements; the big warehouse of the Hoopes & Townsend bolt and nut manufacturing company, and the building occupied by J. Hoover & Sons, lithographers and publishers, caught fire from the blazing bakery, and the flames soon leaped across Hamilton street to the Cooper Brass Works and Plumbers' supplies and the annex of the Hoopes & Townsend establishment, in the rear of the Cooper Brass works. The east end of this building was entirely eaten away by the flames. The block in which the fire occurred was occupied entirely by manufacturing establishments.

The losses, which are partially covered by insurance, are estimated as follows:

W. S. Cooper, on building, $100,000, machinery and stock, $50,000; J. Hoover, $20 000; Stewart Cracker Co., on building $200,000, machinery and stock $100 000; Hooley & Son, $130,000; DeKorenko Manufacturing company, $75,000; P. P. Mast & Co., $75,000; Philadelphia Novelty Co., $30,000; Hooper & Townsend, $75,000.

BIG FIRE IN CLEVELAND.

CLEVELAND, O., Feb. 3.—Fire, which broke out on the top floor of the four story Gainesslen block, at No. 80 Water street, has gutted that structure and badly damaged the Mayer and Bingham buildings adjoining. The total loss is estimated at $76,000. Harrington & Co., sole cutters, occupied the two upper floors of the Gainesslen building. They estimate their loss at $10,000. Various firms who occupied the lower floors of the Gainesslen block and the building adjoining suffered losses ranging from $500 to $10,000.

TO QUIT WORK SUNDAY.

Omaha Liquor Men and Church Folk Unite to Enforce the Law.

OMAHA, Neb., Feb. 3.—This city is confronted by another novel proposition. It constitutes a close combination of Sunday school and church workers and saloon men and brewers, all united to strictly enforce the Sunday laws without fear or favor.

The church people have called a mass meeting for Saturday and the Saloon Men's league has announced its intention of giving the movement its moral support, and incidentally any other kind of support the individual saloon men can give the movement.

The saloons are already closed tight on Sunday, and the brewers believe that the other violators of the state law against all form of work should be forced to observe the law.

The church people are not a unit yet in the Sunday closing movement, but the saloon men are a unit in its support, and are ready to put up the money necessary to prosecute all those who do not observe the law in every particular.

Every barber shop, cigar store, bathhouse, hotel, restaurant and newspaper office in the city will be forced to suspend, as all come under the ban of the Sunday state law. Street cars will not be permitted to run, and some of the saloon men insist that all those ministers of the gospel who preach for pay are amenable to provisions of the law and should be arrested, but some of the saloon men are in favor of exempting the ministers in return for the aid the preachers will give in keeping the others from violating the Sunday law.

TOO SICK TO PREACH.

Rev. John H. Bosch Unable to Fill His Pulpit.

Rev. Dr. Schwedes, of Terre Haute, Will be in the City the Next Three Weeks.

Rev. John H. Bosch, pastor of the St. John's Reformed church, who has been down with the grip, shows no signs of improvement and his condition is so serious as to prevent him from filling his pulpit for several weeks to come. Rev. Dr. Schwedes, of Terre Haute, who is the father-in-law of Rev. Bosch, will arrive tomorrow and will fill the latter's pulpit next Sunday and for three weeks to come.

The members of St. John's Reformed church, while they grieve over the illness of their pastor, will be delighted to see and to greet their former pastor, for Dr. Schwedes once occupied this pulpit and was foremost in the movement to erect the present house of worship.

Hines, Butler, Ind.; Miss Loverne Curtis, Argos, Ind.

Another game of curling was played at Lakeside park yesterday afternoon by rinks skipped by David McKay and F. J. Hayden. The game resulted in a victory for the McKay rink by a score of 15 to 7. Those who played were James Dormer, John Kidd, Dr. W. W. Mungen, David McKay, skip; Hugh Dix, Walter Cavanaugh, John Gillie, F. J. Hayden, skip. The weather permitting, another game will be pulled off this afternoon.

"Our Nation in War."

CAN PAY ANY TIME.

An Important Change in the Charter Amendments.

Improvements Can be Lifted by Property Owners

Whenever the Principal and Accrued Interest is Paid.

City Attorney Shambaugh and Comptroller Berghoff Arrive Home—Mr. Foster's Changes.

City Attorney Shambaugh and Comptroller Berghoff returned last evening from Indianapolis, where they had been pushing the administration's amendments to the city charter. The bill was introduced by Representative Shirley and passed the legislature with only one amendment being made and that was suggested by Mr. Shambaugh.

This amendment provides that "in case any person shall exercise his right of prepayment of his assessment, as by law provided, and shall fully pay such assessment and interest, all interest and liability shall thereupon cease as to the property upon which the assessment so paid is levied. Said prepaid assessments shall constitute a special fund to be held in trust by the treasurer in the form hereinafter prescribed; for the owner or owners of the different issues of bonds, upon such payments having been made, it shall be the duty of the city through its comptroller to invest such trust funds in bonds similar in kind and character at par for the benefit of said city as trustee for the holders of bonds, and interest coupons, upon which such prepayments were made, and the city shall become liable to such holder to the amount of the payments thereon made, with the interest on the principal thereof. The said bonds in which said trust funds are invested shall be held and collected and the money applied in payment of the installment of interest and principal of the bonds upon which said payments were originally made, or to said city, provided it has paid the same."

This means that any property owner can settle for the improvement bonds against the property by paying the principal and accrued interest.

None of the political amendments agreed to by Col. D. N. Foster's non-partisan committee were included in the amendments.

Mr. Foster is in Indianapolis, but has not been successful in getting his amendments before the house. Some changes have been made in them and it is believed more will be made before the legislature gets the proposed amendments. A letter from Senator Ryan says that Mr. Foster will arrive home today, and again consult with the non-partisan committee and the several republican clubs.

SLIP AND SCRAMBLE.

That Was the Game All Pedestrians Played Today.

Sheet of Ice Over All Surfaces Exposed to the Weather—Many Horses Fall.

The ice-covered sidewalks and pavements made locomotion an interesting and perplexing undertaking this morning to both man and beast. The city was one vast skating rink but the difficulty was that only the small boy had the skates. When the hundreds of working people started out to engage in their daily occupations the sidewalks were in their virgin state of icy smoothness and it was then that the liveliest scenes were enacted. Notwithstanding that many people took a tumble no cases of serious injury were reported.

The hard, icy pavements proved treacherous highways for horses and it was a common sight to see horses sprawling over the thoroughfares. The blacksmith shops in consequence had more than they could do to meet the rush of business. There was hardly a shop in the city that did not have its line-up of horses awaiting to be shod.

AFFAIRS CRUSHED HIM.

Former Sheriff Callahan Commits Suicide at Youngstown, Ohio.

YOUNGSTOWN, Ohio, Feb. 3.—Ex-Sheriff Charles F. Callahan shot himself in the head at 8:40 o'clock this morning, dying instantly. He placed a mirror in front of his face and seating himself fired deliberately at his temple.

He had just retired from office, having filled two terms as sheriff of Mahoning county. The cause of the rash act is not yet known.

He was formerly commander of Tod post No. 29, G. A. R., and was known to all the politicians in Ohio.

Mr. Callahan left a pathetic letter in which he referred to financial obligations soon to become due which he could not meet and asking the forgiveness of his family and friends. He was about fifty-eight years old.

BLIZZARD'S FURY SPENT.

Worst Is Now Over in Wyoming, but the Losses Will be Great.

CHEYENNE, Wyo., Feb. 3.—The blizzard seems to have spent its fury in Wyoming and it is thought the worst is over. In the opinion of the best informed stockmen the losses of stock on the ranges will be found to be great. No wind of sufficient power to blow the deep snows off the feeding grounds has prevailed, and as a consequence, it is argued, the cattle and sheep which have not been driven to cover and fed are found to have perished in great numbers. For the stock which has been uncared for and which has survived the unprecedented snow and cold, little hope is held out. Stockmen say the loss will be greater in sheep than cattle.

Most of the large herds that formerly roamed on the range have been disposed of.

MRS. AGATHA BAKER.

Her Sufferings Ended at St. Joseph Hospital.

Her Husband Was One of the Founders of St. Mary's Church—Death of Mrs. Elizabeth Jackson.

At 4:30 this morning Mrs. Agatha Baker, widow of Jacob Baker, died at the St. Joseph hospital of pneumonia. Mrs. Baker was operated on a few weeks ago for abdominal trouble and while yet suffering from that ailment she was attacked with pneumonia, which speedily hurried the end. The deceased was born in Germany and she was sixty-six years old. She was among the very old members of the St. Mary's Catholic church, her husband having been one of the founders of the congregation. The children surviving her are as follows: Rev. Joachim Baker, of Alexandria, Ind.; Joseph Baker, cashier of the United States Express company; Mrs. Henry C. Kohrman, of this city, and two daughters identified with the Holy Catholic orders, Sister M. Helen, of St. Louis, and Sister M. Agatha, of Michigan City. The remains were conveyed by Scheone & Veith to the Baker homestead, on St. Joe boulevard. The funeral will take place next Monday at 8:30 a. m., from the house and at 9 o'clock from the St. Mary's Catholic church.

HAYES.

Harry Hayes died at the home of his mother, in Richmond, Wednesday night and will be buried in that city at 9 o'clock tomorrow morning. The deceased was a machinist and until recently was employed in setting up engines and other machinery made by the Bass Foundry and Machine company. When not busy in that way, he worked in the shops in this city. He was about thirty-five years old and unmarried. Ten or twelve of his old associates at the Bass works are going down to Richmond tomorrow to attend the funeral.

JACKSON.

Mrs. Elizabeth Jackson, wife of William Jackson, a gateman for the Pennsylvania company, died this morning at her home, 134 West Main street, of grip and complications arising therefrom. The deceased leaves a family of eight children—four sons and four daughters—besides a husband to mourn her loss. It is notable that after fifty years of married life, during which her large family was reared, Mrs. Jacksons' was the first death to break the family circle. All her children were present at her bedside when death came except one son, whose home was in Baltimore and was unable to reach here. Funeral will be held Sunday afternoon from the West Jefferson street Church of Christ.

RUSHART.

Saturday evening at his home near Gar Creek, occurred the death of Philip Rushart, an old resident of Allen county. The cause of his death was pneumonia. The deceased was born in Germany and was about eighty years of age, and has resigned in Allen county for about twenty-one years. The funeral services were held Tuesday morning, interment in the cemetery at Gar Creek. A wife and four grown children survive him.

SCHOEPMAN.

William Schoepman, a saloonkeeper residing at 215 Hanna street, died this morning of asthma, aged sixty-five years. The deceased was an old citizen of Fort Wayne. He leaves a wife and five children. The funeral will take place next Monday but the hour has not been set.

TOMKA.

Mrs. Mary Tomka died this morning at the residence of her daughter, Mrs. John Lohman, 23 Julia street. Her death was due to lung fever. Deceased was born in Germany and her age was sixty-one years. The funeral will probably occur Sunday.

KLINE.

The funeral of John Kline will be held from his late residence, No. 100 Hanna street, at 2 o'clock tomorrow afternoon. Rev. Wagenhals officiating. Interment in Lindenwood cemetery.

Miss Lena Timme was delightfully surprised by a number of her friends last evening. The evening was spent in playing progressive pedro, Miss Kate Seivers winning the lady's first prize and Henry Schele the gentleman's first prize. The booby prizes were won by Miss Lizzie Becquette and Charles Bahr. At the close of the game a delicious luncheon was served.

Mrs. J. H. Lindeman, of Wells street, fell on the ice this morning and broke her wrist. Dr. Porter attended the injured lady.

MAY ORDER INQUIRY.

Cabinet Considers the Conduct of General Miles.

Affair Will be Turned Over to a Special Court.

He Will Not be Relieved of His Command.

Court of Inquiry Will Not be Ordered Until the War Investigating Board Has Made Its Report.

WASHINGTON, Feb. 3.—The cabinet today had the matter of General Miles' conduct and utterances under discussion and while no formal action has yet been taken there is reason to believe that a court of inquiry will be ordered. In the meantime it is not likely that he will be relieved of his position as general of the army.

It is, however, understood that the court of inquiry will not be ordered until the war investigating commission makes its report, as the report itself probably will form the basis for the court of inquiry.

LOST HIS HOME.

Fire Destroys House and Barn of Thomas Meeks.

Not Only Buildings But Contents Go Up in Smoke--Martin Rhinehart and Wife Almost Asphyxiated.

Thos. Meeks, living near Milan Center, lost nearly everything he owned by fire last Sunday. Mr. Meeks and family were in the house and were not aware that the building was on fire till a neighbor saw the flames and gave the alarm. It was then too late, the fire having gained much headway. The well and cistern were on the east side of the house and as there was a brisk wind blowing from the west, they could obtain no water on account of the intense heat. The house, barn, straw and hay stacks were destroyed.

OVERCOME BY GAS.

Last evening a clogged chimney caused burned gas to fill the grocery store of Martin Rhinehart, on Pontiac street, and the grocer, with his wife, were almost asphyxiated before they were aware of the real state of affairs. They both became very sick and almost suffocated by the poisoned atmosphere Mr. Rhinehart started to open a door at the rear of the building, to get fresh air. He staggered and fell before he reached the door. His wife barely succeeded in getting out into the yard. She soon revived. Mr. Rhinehart was so overcome that he had to be removed in a carriage to his home.

It's no great feat to come off the perch when it's necessary. Even General Gomez knows that.

NOTWITHSTANDING the new Kentucky whisky trust has caused that commodity to go up, a great deal of it will continue to go down.

THE secretary of war is not so much concerned just now about embalmed beef as about some prompt means to embalm the major general commanding the army.

NO OBJECTION is likely to be raised to the combination of natural gas concerns to cut down expenses if it will have appreciable effect in raising the pressure of the gas. It looks much as the new trust were organizing to control a mighty vacuum.

MARCUS H. WHEELER, the father of Ella Wheeler Wilcox, lived to be ninety-one years of age, and now that the "poetess of passion" has cooled down to an ordinary temperature, there is every prospect that she will live to an equally ripe old age.

FROM St. Pierre, in the island of Martinique, W. I., comes the surprising report that eleven Spanish warships, which seem in some way to have escaped the sinking fever which prevailed last summer, are rendezvoused there. They are being overhauled and coaled preparatory to sailing for Spain.

TOM L. JOHNSON, the wealthy steel manufacturer and street car magnate of Cleveland and New York, who helped to manage the campaign of Henry George for mayor of New York, has declared in a public speech that he has withdrawn from all his business enterprises, has disposed of every conflicting interest and of every duty that would interfere with the devotion of his time, his entire energy, his fortune—in fact, his life—to the advancement of the single tax idea.

IN Washington rumors are rife that General Miles is to be severely dealt with for talking too much and writing too much and being interviewed too much about "embalmed" beef. It is reported that the president is on the point of removing him from command of the army, and it is reported that a court martial is hatching for him. The course to be pursued with General Miles is entirely secondary in importance to the course to be pursued with the charges General Miles made. He has said, and has many times repeated it, that the beef furnished the army last summer was poisoned with chemicals. He claims to have the evidence to prove his charges. Now that is what the president and the board of inquiry should try to get to the bottom of. Not in the manner that has been pursued, but in a vigorous and impartial way with no other purpose than to get at the truth, not gloss it over or suppress it. There are many people who believe General Miles has not been talking merely to make a noise.

GOMEZ WILL HELP.

The news that General Gomez will aid the United States government in the reconstruction of the Cuban government is very good news. From the close of the war in Cuba until the present time General Gomez has held aloof from any intercourse with the United States military authorities in Cuba and his designs, though variously represented as sinister, were unknown.

The old warrior has been the source of a deal of anxiety to the government at Washington. He is a soldier of surpassing determination and abilities, crafty to a remarkable degree, known to be mercenary, implacable in his dislikes and, to crown it all, highly influential with Cubans. Within the week the country has been astonished by the magnitude of the demands of General Gomez for money from the United States with which to pay his soldiers before he would consent to disband the insurgent armies. In round numbers, $60,000,000 was the reported size of his demand.

Robert P. Porter was dispatched as the special emissary of the president to confer with Gomez and his mission has been successful. The commander in chief of the Cuban armies has declared his willingness to concur in the loan of $3,000,000 by this government to pay the Cubans and has said he will assist in the distribution. In a very agreeable message to President McKinley he says:

"It has been a great pleasure to me to confer with your commissioner, Mr. Porter, introduced by my friend, Quesada, and I am now aware of and pleased with your wishes. In a short time I shall go to Havana and confer with General Brooke, so that everything will go well. Following your advice, I will willingly co-operate in the work of reconstructing Cuba."

A very disquieting and dangerous element will, therefore, soon be disposed of in Cuba. The insurgent soldiers, who have been a heavily consuming and altogether non-producing class so long, will disarm and return to the farms and plantations the renewed cultivation of which is so necessary to the return of prosperity to the island. Instead of lapsing into brigandage, as was feared with great reason, the Cubans of the patriot armies will become orderly and self-supporting citizens of the new republic that is to be.

NORTHERN INDIANA NOTES.

Counterfeit silver dollars of almost perfect execution, are afloat in Goshen.

James R. Cooper, an old citizen of DeKalb county, is dead at Auburn, aged eighty-six.

John Mack, of St. Joseph county, a pioneer and a brother of the Hon. William Mack, of South Bend, died Thursday. He was seventy-eight years old.

Rufus Van Tassel, an old resident of Pierceton, died at his home Wednesday night. He was seventy-six years old. The immediate cause of his death was an attack of bronchitis.

Major Hunt, of Ashley, and Major Jones, of Kendallville, are candidates for colonel of the second regiment U. R. K. P., to fill the vacancy caused by the death of Col. E. G. Herr.

The Northern Indiana Orphans' home, near the corporation limits of Plymouth, has been completed, and Mrs. Julia E. Work, the matron, has transferred all the children from the Laporte home to the new institution. There are now nearly 100 children under care.

W. F. Wickwire, who for over thirty years was proprietor of the Elkhart house, in Elkhart, died in that city Wednesday, of grip, at the age of seventy-two. When the deceased opened that hotel it was one of the finest and most fashionable hostelries in northern Indiana.

Mrs. Susan Ross, one of the oldest inhabitants of Wabash county, and mother W. W. Ross, cashier of the First National bank, of Logansport, died Wednesday from complications growing out of an attack of grip. She was seventy years old and the mother of three children.

Will Spicer, an Elkhart man, took his wife and their little son to her mother's home, on account of their being ill. He kissed them both and said he would go out and buy some wood. Later it was learned that he went home, sold the furniture to a second hand dealer and skipped with the proceeds.

Rev. W. R. Suman, one of the best known ministers of the North Indiana conference, M. E. church, has tendered his resignation as pastor of the church at Warren. He has determined to leave the ministry, and will embark in another profession. He is an able man and his congregation receives his resignation with regret.

At Goshen Mrs. Sarah Foster has been granted a divorce from Edward L. D. Foster, auditor of Elkhart county and one of the best known politicians in northern Indiana. The amended complaint alleged ill treatment and abandonment. In the settlement Mrs. Foster secures large property rights, and the custody of a minor daughter.

C. E.'S TALK ON EXPANSION.

Eighteenth Anniversary of the Founding of the Society.

BOSTON, Mass., Feb. 3.—The eighteenth anniversary of the founding of the Christian Endeavor society was celebrated here last night in Tremont Temple, under the auspices of the Boston Christian Endeavor union. The feature of the reunion was the address by President Francis E. Clark, D. D., who spoke on the attitude of the young Christian to the territorial expansion of the United States. Letters on the same subject were received and read from Senator Hoar and Secretary of the Navy John D. Long.

THE HAYMAKERS.

New Secret Order Will be Organized in This City.

G. O. Newcomb, State Organizer, Will Come to Start off the Lodge on its Career.

One more lodge will soon be added to the long list of fraternities in Fort Wayne. G. O. Newcomb, state organizer of the Haymakers, has received a charter and commission to install a branch of the order in this city, and according to the Huntington Herald he will shortly come here for the purpose of starting off the lodge on its career. Members of the Bluffton and Rockford lodges, besides a large number from Huntington, will come to participate in the organization of the new lodge. The date for the affair has not yet been set. It is said that nearly 100 names have been signed for the charter.

HE IS AN INVENTOR.

Oliver H. Boltz, Former Fort Wayne Boy, Has a Good Thing.

Oliver H. Boltz, a former Fort Wayne boy, now of Sandusky, Ohio, is an inventor and has lately perfected a device that promises to be a good thing for himself as well as for the plumber-employing public. The Sandusky Journal says of him and his invention:

"O. H. Boltz, superintendent of the Sandusky Excelsior works, is recognized among his acquaintances as a mechanical genius. His latest invention, only just completed, is a labor saving machine for cutting threads in pipe without the aid of a vice. Mr. Boltz has applied for a patent to protect his idea, and expects to have the machine manufactured in Sandusky for the market. Negotiations are now pending with one of the local machine firms.

"The first of Mr. Boltz's new machines has already been sold to a marine engineer for use on his vessel. This machine weighs about forty-five pounds, but it is expected that the weight will be reduced twenty pounds, so that plumbers, gas and steam fitters can carry them to their work instead of taking all pipes to the shop, at great loss of time, when it becomes necessary to cut threads. Mr. Boltz claims that his invention can be used for thread cutting in almost any position, even under ground when it becomes necessary to repair broken pipes by cutting threads and screwing on joints."

The young inventor is a son of Gust Boltz and was born in Fort Wayne. He is a nephew of ex-Councilman Fred C. Boltz and a grandson of Isaac Bystone, who lives west of the city.

SPECIAL SERVICES.

Interesting Meetings to be Held at Volunteers' Armory.

Captain Scott, of the Volunteers of America, is now able to give attention to his duties, after an illness, and services will be held regularly at the armory, 228 Calhoun street. Meetings will be held each evening and Captain Scott has arranged for services of a special character. Several well known ladies who are very prominent and very successful in Christian work will assist Captain Scott. Among them are Mrs. Wells, of Westminster seminary; Miss Parmelee, of the Y. W. C. A.; Dr. Harriet Siemon, Miss Lizzie Siemon and others. The time at which each will speak is not yet fixed but will be duly announced. The music will be in charge of Miss Hyler, Miss Leming and W. D. Williams.

THE BIG CONCERT

Tendered to the Street Fair Association at the Princess Rink, February 7.

The different committees having in charge the grand concert to be given at the Princess Rink Tuesday evening, February 7, to liquidate the debt of the last street fair, report great success in disposing of tickets. President Randall has interested a number of ladies in the cause, and they will assist the committee in disposing of tickets.

The program is now being arranged and the entertainment will be one of the events of the season.

The price of tickets has been placed at 10 cents, and they can be secured of the different committees, at Woodworth's and at Siemon's book store.

An Aid to Education.

No school room, no teacher, no student should be without Cram's Universal Atlas. It is almost a liberal education in itself. J. A. Holton, president of school board, Queen Anne county, Maryland, says: "In connection with other members of our county school board, I have carefully examined Cram's Atlas of the World and am so impressed with its worth and usefulness as an aid to education and general information, that I favor the introduction of a copy into every school in our country." Study and research cannot be intelligently prosecuted without the use of an atlas. And when an atlas is to be used it should be the best. That's Cram's.

LOSS OF THE GLENAVON.

British Steamer Goes Down Near Hong Kong—Several Drowned.

SAN FRANCISCO, Feb. 3.—Details of the loss of the British steamer Glenavon received here state that she ran on a wreck about twenty or thirty-one miles from Hong Kong on December 20th and sank shortly after. Chief Officer Dixon, Quartermaster Smith, Second Steward Wilson and two Chinese firemen perished. Captain Pithie was on the bridge when the ship struck and finding that she was rapidly filling turned toward land with the object of beaching her, but this he was prevented from doing by the vessel going down headfirst about half an hour after she had struck. In the meantime boats had been lowered and filled until three only remained on the vessel.

Captain Pithie, Chief Officer Dixon, Quartermaster Smith, Second Engineer Boyd and Second Steward Wilson, when they saw that the vessel was doomed, jumped overboard. Second Steward Wilson and Chief Officer Dixon swam for the boats, but the others made straight for the land which was about a mile and a half away, and after a terrible struggle they succeeded in reaching it.

Quartermaster Smith was, however, so exhausted that he died.

All the boats were picked up and the passengers and crew cared for.

The body of Chief Officer Dixon, who jumped overboard as the steamer sank, was picked up two days later on Linting island, it having been washed ashore. What became of Steward Wilson and the Chinese is not known but they are believed to be lost.

The Glenavon was owned by MacGregor, Gow & Co., of London.

AGED ELOPERS WED.

A Groom Nearly Eighty and a Bride of Seventy Are Married in Valparaiso.

VALPARAISO, Ind., Feb. 3.—Probably the oldest couple that were ever united in marriage in this city were wedded at the court house yesterday afternoon at 3 o'clock, Judge Hogan officiating. The parties were Conrad H. White, aged seventy-six years, and Miss Margaret J. Sheets, aged sixty-nine years. Their home is in Morris, Ill., and owing to objections made by the children of the groom they quietly slipped out of Morris at night and came to this place to have the nuptial knot tied. The groom has been married three times before, but has in each instance survived his help mate, and promises to be on earth for several years yet. They left at 3 o'clock for their home.

KILLED BY NATURAL GAS.

Family of Three Found Dead in Their Beds in Lafayette.

LAFAYETTE, Ind., Feb. 3.—Will Flynn was notified during the afternoon that his father, Patrick Flynn; his brother, Owen Flynn, and his mother, living in Romig street, had not been seen since last Saturday. He went to their home last night, broke in the door and found their dead bodies in their beds. Near by stood a natural gas stove, from which the deadly gas was escaping. They had been dead since last Saturday night.

COLORED BOY HANGED.

William Miller Pays the Kentucky Penalty for a Criminal Assault.

LAGRANGE, Ky., Feb. 3.—William Miller, colored, was hanged here at 7:14 o'clock today, in the jail yard, and only about fifty persons witnessed it. Miller professed religion, and said that he was ready to die. He was not quite seventeen years old. The crime for which Miller was hanged was a criminal assault committed September 1st, on Mrs. Gertrude Lost, wife of Frank Lost, a farmer.

Dr. Canfield Was Not Consulted.

COLUMBUS, Ohio, Feb. 3.—Dr. J. H. Canfield, president of the Ohio State university, was asked regarding the report that his name had been presented to President McKinley for the position of librarian of congress. He said that he had received an intimation of the fact, but knew nothing of the influence which caused the presentation. He said that he was not a candidate, but would not say whether he would accept or not.

FIRMS DISSOLVE.

Changes Take Place in Two Well Known Business Houses.

Rudolph P. Bischoff Retires From Rehling & Bischoff—Marion Black Steps Out.

Announcement is made of a dissolution in the drug firm of Rehling & Bischoff, corner of Washington and Barr, Rudolph P. Bischoff retiring. These popular young pharmacists have been engaged in the business for several years. Mr. Bischoff has two positions open to him, one with Meyer Bros. & Co., druggists, and the other with the Eclipse Novelty company, in which he has stock. He is not decided which place he will take. Charles F. Rehling, who will conduct the business alone, has become recognized as one of Fort Wayne's progressive young business men and he has many friends who will wish him unbounded prosperity.

BLACK RETIRES.

Marion Black has retired from the business of Meyer & Black, who conducted a bicycle business on West Berry street. The business will be continued by the Meyer Cycle company, which firm consists of Harry W., Charles F. F. and Charles A. U. Meyer. Mr. Black's future plans are not known, but he may decide to re-engage in the bicycle business.

TO CUT DOWN EXPENSES.

Proposed Combine of Indiana Gas Companies Will be Consummated.

At a meeting of the stockholders in the various natural gas properties which compose the Dieterich syndicate companies, controlling the natural gas and most of the artificial gas production of the Indiana gas belt, to be held Monday in Indianapolis, it is said the transfer of the independent concerns to the new Central Union Gas company, agreed upon by the directors of the independent companies in New York last week, will be formally ratified.

The gas plants, with all their wells, territory, systems of mains, pumping stations and other possessions of the Sidney, Ohio; Urbana, Ohio; Mount Sterling, Ohio; South Charleston, Ohio; New Springfield, Ohio; Troy, Ohio; Piqua, Ohio; New Western, Covington, Ind.; Tippecanoe, Ind.; Dayton, Ohio; Ohio and Indiana, Lafayette, Ind.; Logansport and Wabash Valley, Ind.; Fort Wayne, Ind.; Indiana Natural and Illuminating and Indianapolis Gas companies will be turned over to the new combine.

The motive behind the step is the reduction of expenses.

There are many high salaried officers on the rolls of the independent companies, and it is proposed to dispense with the most important officials of each company, placing the business under the control of one set of officers.

It is announced that James Murdock, of the Logansport and Wabash Valley company, will be the general manager of the new concern, and that a local manager and a local secretary at modest salaries will be selected for each system. With the constantly decreasing gas pressure and with the increase of the cost of delivering gas it has been difficult for the independent concerns, capitalized at large figures, and then bonded for as much more, to pay interest and earn dividends, and a radical step had to be taken.

An Explanation.

There seems to be a misunderstanding concerning the work of the Primary Sunday School Teachers' union, which convenes every Saturday afternoon at 2:30 in the lecture room of the Baptist church. Last fall Miss Harlow, of Philadelphia, Pa., organized a number of Sunday school workers into a body known as the Primary Sunday School Teachers' union. Shortly after Miss Harlow left us the need for a meeting for teachers of advanced classes was felt, and so it was decided to divide the hour, giving part of the time to primary work and part to advanced work. We aim to have two leaders at each meeting, one teaching the lesson to teachers of advanced classes, the other to teachers of primary classes. We have not changed the name of the organization, because this is the name by which the international union of Sunday school workers is known, and desiring to be recognized as a part of this great body of Christian workers we retain the original name.

All Sunday school teachers—primary, intermediate and advanced—are urged to attend these meetings. Mrs. D. B. Wells, of Westminster seminary, will present the lesson to teachers of advanced classes this week. We cannot now state who will be the leader for primary teachers, but hope to have someone. Come, and bring your Bible.

ANNA M. PHILLEY, Pres.

MRS. HARRY STOPHER, Sec.

We give no rewards, an offer of this kind is the meanest of deceptions. Our plan is to give every one a chance to try the merit of Ely's Cream Balm—the original balm for the cure of Catarrh, Hay Fever and Cold in the Head, by mailing for 10 cents a trial size to test its curative powers. We mail the 50 cent size also and the druggist keeps it. Test it and you are are you are sure to continue the treatment. Relief is immediate and a cure follows. Salmon Canneries to be Closed Down.

VANCOUVER, B. C., Feb. 3.—It is stated that the banks have shut down on twenty-eight canneries in British Columbia, owing to their inability to carry on business under the present dominion regulations. Three bank managers are quoted as saying that with the present regulations canners cannot can, and all the smaller concerns must go to the wall. It means a loss to the province of $4,000,000 and a loss to Vancouver alone of $500,000.

A YOUNG MOTHER

finished with perfect health and strength, said, as she exhibited with pride her baby, "I must confess that my present health and the almost phenomenal development and good health of baby are due to the use of Pabst Malt Extract, The "Best" Tonic. The necessity of feeding the child was such a tax on me at first that I became nervous, weak and exhausted. "Best" Tonic was recommended. I took it and began to build at once. Baby began to show the effects within a week. I continued its use for months, until I went out into the country and neglected to take my tonic with me. I lost fifteen pounds in six weeks, and could scarcely feed baby. Since returning, some three weeks ago, I have again been taking "Best" Tonic. I have gained six pounds and the little one is again progressing. Just think, he is nineteen months old, weighs 32 pounds, and I have not weaned him yet."

Let every mother apply this to her own experience and at least give the "Best" Tonic a trial, if not for her own sake, for that of her child. Let her provide for baby as nature says every mother should.

To produce magnificent children was a supreme aim among the Greeks, those lovers of perfection in those rigid athletic exercises which aggrandized the glory of the body. For without a perfect body how can a babe at once begin to fight the battle of existence with conquering energy, or how derive those elements of hardiness, pure blood, calm nerves and bright mind, if the mother is not prepared, helped and insured against too great weakness, given the right sustenance, and kept in a position of ease, happy thought, pleasing sensations and good sound slumber? Hundreds of children are puny, slow, with nerveless supine motions and unintelligent countenances, because the mother was forced to put all her energies into the power to bear them, without the strength besides to give them the vital flow of sturdy health. Habitual use of Pabst Malt Extract, The "Best" Tonic, makes rich and pure blood, strengthens the bones and muscles, and adds to the development of the perfect form, a glowing vitality in the mother, which aids her not only to bear, but build.

I have seen very good results from the prolonged use of your Malt Extract, The "Best" Tonic, and I find the preparation very beneficial, especially for nursing women.
DR. P. BRUNER LAURICH, New York, N. Y.

I find Pabst Malt Extract a very good tonic, and have ordered several of my patients to get a case of it. I shall keep ordering it for my patients as long as I find it benefits them as much as it has.
P. J. HASTINGS, M. D.
Boston, Mass.

My wife has begun to take Pabst Malt Extract, and it seems to have benefited her already, though she has not taken enough yet to expect any great improvement. She has taken a great deal of malt, and thinks that, on the whole, Pabst's is the best in reality as well as in name. I shall surely prescribe The "Best" Tonic in cases where a malt extract is indicated. G. W. HUSE, M. D.

SHOP AND RAIL.

Pennsylvania Opens New Telegraph Offices.

Wabash Shops Running Day and Night—Immense Earnings of Railway Trainmen—Other News.

This morning the Pennsylvania company, in order to facilitate the handling of trains during the unprecedented rush of business, opened a number of new telegraph offices. They are at the following places: Day and night office at D Y tower, one and a half miles west of Upper Sandusky; day and night office at Middlepoint; day office at Washington; day office at O M tower, one mile west of Plymouth; night office at Donaldson; night office at Davis; night office at Wanatah. To fill all these positions the company exhausted its list of extra operators and had to hire several new men.

Unprecedented Earnings.

A Pennsylvania employe said to a SENTINEL reporter this morning that the earnings of the engine crews and trainmen on that line this winter would be the greatest in the history of the road. "Business was never heavier and rates have been maintained," he said, "making the earnings of the company also unprecedented." The same conditions exist on nearly all the other roads in this part of the country. A Grand Rapids and Indiana man said that the company's freight conductors earned in January from $125 to $140, the freight brakemen from $80 to $95 and the engineers' and firemen's earnings were proportionately increased. And there is business in sight sufficient to continue this condition throughout the present month and possibly through March.

Are Still Receiving Coal.

Up to this morning the Pennsylvania had received 802 carloads of coal at its docks in this city and additional tracks and other arrangements are now making for the reception of about 500 more carloads, making the greatest mass of coal ever accumulated in this city. Evidently the company does not propose to be caught short of fuel next spring, if a strike should occur in the mines, which now looks inevitable.

Nearly a Blockade.

There came near being another freight blockade in the east yards last evening, so rapidly were trains delivered there. Ten trains, westbound, followed each other into the yards, being only about fifteen minutes apart, yesterday afternoon and for awhile the yardmaster and his force of switchmen didn't "know where they were at." That there is not frequent and embarrassing blockades on the Pittsburg is due to the improved facilities for doing business. The company has more and larger engines in service on this end of the road now than it ever had before and has arrangements by which it can get other power from branch lines if needed. There are now eight foreign engines in service here.

Lost an Eye.

John Oswald, a teamster, has been engaged for a number of years in hauling sand to the Bass foundry, getting it lately out near the Catholic cemetery. The recent cold spell has frozen the sand solidly and to loosen it Oswald yesterday used dynamite. One of the charges went off prematurely and a big piece of the frozen sand flew out and struck the teamster, severely injuring his left eye. He came into the city and went to St. Joseph hospital, where Dr. S. H. Havice removed the injured eye. Oswald is married and resides on Smith street.

One Fare for Round Trip.

Official notice was received yesterday that the Central Traffic association had granted a one fare rate from all points in Indiana to all who may wish to attend the annual convention of the Indiana State League of Republican clubs, which will meet in Fort Wayne on February 11, 1899. Tickets will be on sale at all stations on the 10th so that all delegates and visitors can have ample time to reach Fort Wayne for the opening session of the league.

Working Day and Night.

So busy are the Wabash shops that it has been found necessary to put on a night gang in the machine department and ten men have been assigned to that work. The day force in the same department now works until 10 o'clock at night, fourteen hours. The capacity of the boiler department has also been increased by the addition of a track and a larger force. Master Mechanic McKee is in Ashley today, arranging to ship the machines and tools of the mechanics there employed to this city, and as soon as they can be placed in operation and the men brought here the facilities of the entire shop will be greatly increased.

BICOLA PILLS

Prevent Waste, Fortify Body and Minds Feed the Nerves; Make Flesh and Blood.

The Ideal Tonic For Men and Women

One of the best-known hotel proprietors in the United States is Mr. Henry W. Lawrence, proprietor of the Bates House and Spencer House, at Indianapolis, Indiana. When a man like Mr. Lawrence tells the people everywhere to take Bicola Pills, the great blood and nerve remedy to regain their health and strength; when he tells the weak, tired and nervous that this great remedy will make them strong and well, it means something coming from a man like Mr. Lawrence.

He writes that Bicola Pills gave him immediate relief from a severe attack of rheumatism and general nervousness, and he earnestly advises all sufferers from nervous and blood troubles to use Bicola Pills.

The Turners of Philadelphia make Bicola Pills.

A Machinist Hurt.

M. J. Loo, a machinist employed in the Pittsburg shops, had the misfortune to have his left hip and leg severely sprained yesterday afternoon. He was working upon an engine and stepped upon the end of the running board, which had been loosened. It tilted and threw him to the floor, a distance of seven or eight feet.

Local and General.

Nickel Plate Conductor Kitselman is on the sick list.

Charles McCoy, of the Wabash machine shop, is again on the sick list.

Supt. C. D. Law is looking after railway business at Pittsburg today.

W. A. Seymann has taken a position as brakeman on the Nickel Plate road.

Nickel Plate Brakeman C. J. Smith, who had been sick, has reported for duty.

Theodore Bly, yardmaster of the Pittsburg, is sick. He has been unable to work since last Tuesday.

C. Bittner, the Nickel Plate brakeman who was married last Tuesday, resumed his train duties today.

The management of the Cincinnati Northern say the lines will be extended to Cincinnati in the near future.

James V. Costigan resumed his place in the electric light office this morning. He had been sick a week or two.

Two children of Blacksmith L. E. Rohling have recovered from their recent sick spells, after suffering two weeks.

William Lehmkuhl and George Squires are sick and unable to work. They are employed in the Bass blacksmith shop.

The pay rolls of the shops of the Chicago and Eastern Illinois for January were the largest in the history of the road.

Engineers Frank Tolley, George Quidore and Frank P. Sleeper, of the Nickel Plate, are taking a few days' lay off to "rest up."

William S. Douglas, for thirty years chief storekeeper of the Pennsylvania road at Altoona, died on Monday evening of heart disease.

N. S. Willson, foreman of the incandescent testing room at the electric works, is confined to his home by the grip, the second attack this winter.

O. E. Lambert, general passenger agent of the West Shore road, has been called west by the death of his brother, L. L. Lambert, at Kansas City.

Nickel Plate Engineer W. P. Morris, who fell from his engine steps two weeks ago and injured his back, has recovered and is again at work.

The Electric corporation this morning sent two 200 light dynamos to Hartford City, to be placed in the works of the Fort Wayne Gas company.

E. Stoner, the Nickel Plate fireman, and his wife have gone to Chicago to attend the funeral of the lady's brother, who died there last Wednesday.

W. H. Connell, general superintendent of the foundry department of the Edgar Thomson steel rail mills, died at his home in Braddock, Pa., on Tuesday.

On account of the illness of Mrs. T. J. Devitt, wife of the conductor, that gentleman has been unable to take his run out on the Nickel Plate for several days.

Engineer C. C. Adams, who had been off duty on account of the sickness and death of Engineer Tom Drake, resumed his duties on the Pittsburg this morning.

W. G. Cartwright and Henry Danberkeen, operators in the Grand Rapids dispatcher's office, resumed their duties this morning, having recovered from the grip.

It is stated that Samuel Felton, president and receiver of the Queen and Crescent, can have the presidency of the Delaware, Lackawanna and Western if he will accept.

Chief Powell, of the Railway Telegraphers, assigns as a reason for repudiating the Congress of Railway Employes that there is too much politics in the movement.

J. Pierpont Morgan has thrown a bomb-shell into the official ranks of the Lehigh Valley road by announcing that he will soon take personal charge of the company's affairs.

Frank Cairns, who came here a few days ago to attend the Hess-Cairns wedding, and his wife and children will return to their home in Chicago tomorrow. Mr. Cairns is foreman of the locomotive department of the Pittsburg at Chicago.

J. J. Frey, general manager of the Santa Fe lines, was born in Jeffersonville, Ind., September, 1848, and when in his teens entered the service of the Ohio and Mississippi. Three years later he went to the Missouri Pacific. He was first telegraph operator, then an agent, then train dispatcher, and later trainmaster. In 1886 he reached the position of general superintendent on the Santa Fe lines and in 1893 was appointed general manager.

The construction department of the Baltimore and Ohio expects next month to commence the work of double-tracking its main line between Bellaire and Chicago. In doing the work fifty-one bridges will have to be widened for a second track.

The Nickel Plate had a little wreck a few miles out from Claypool yesterday morning. A broken axle in their 43, second section, delayed the train until the wreck crew from this city could go there and put in a new truck under the crippled car.

W. Kaber, M. Laughlin and J. J. Hayes, Pennsylvania engineers, are sick with the grip. Engineer T. Stokes, of the same road, is off duty nursing a lame shoulder. Engineers A. Miller and B Strasser and Fireman W. H. Perry have reported for duty after sick spells.

General Superintendent A. W. Johnson, Division Superintendent C. D Gorham and Civil Engineer G. W. Vaughan, of the Nickel Plate, are making a trip over the western division of the line. They went west yesterday and will return today. They travel on a special train.

F. D. Underwood, the new general manager of the Baltimore and Ohio, is impressing the officials in every department to the effect that it is not his intention to displace any good man in the employ of the company, but rather to promote their interest and advance them in position as opportunity presents.

The Hutchinson and Southern railroad, built several years ago southward from Hutchinson, Kas., eighty-five miles, is to be extended at once in a southerly direction some two hundred miles, the work to be completed this season. Next year rails will be laid northward and Omaha will be the terminus.

Charles Burgess, Nickel Plate passenger conductor, who has been ill with stomach trouble for two or three months, has recovered sufficiently to take his run on the road. During Mr Burgess' absence Conductor Charlie Ziegler had charge of the passenger run. He has returned to a local freight run between Bellevue and Leipsic.

The force of workmen at the shops of the Anthony Wayne Manufacturing company is now undergoing an epidemic of the grip. At present there are five men, viz: Joseph Fraino, John Ball, Julius Stier, William Brunka and George Holmbansen, down with the disease. John Mollitor is on duty again after recovering from the disease.

The "hard times" social given last evening at the residence of Mrs. Lichtenwalter, 320 South Calhoun street, under the auspices of the Brotherhood of Railway Trainmen, was a success in a social way and otherwise. Bert Sanderland, the caller at the east yards, was awarded first prize for the "toughest" makeup. He was in appearance a veritable Weary Willie, rags, tin can and other appurtenances.

CATARRH OF STOMACH.

A Pleasant, Simple, but Safe and Effectual Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing; headaches, fickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure of this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanson the safest and best treatment is to use after each meal a tablet, composed of diastase, aseptic pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Booher, of 2710 Dearborn St., Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book mailed free, on stomach troubles, by addressing Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

The engine hauling eastbound Wabash passenger train No. 2, due here at 6:15 a. m., broke down at Andrews this morning. A through freight engine was detached from its train at Huntington and sent back after the passenger, bringing it in here at 9:15.

Councilman P. J. Scheid was unable to report for duty at the Pittsburg round house, where he is the foreman, this morning, and it is feared he is going to have an attack of the grip. During Mr. Scheid's absence Frank Fox has charge of affairs in the round house.

Frank Markey, clerk for General Foreman D. J. Tinlin, of the Wabash shops, is considering an offer of a more lucrative position than the one he now fills. He is so pleasantly situated that the only inducement to change is the increase in salary. He may decide to accept.

Pittsburg shopmen who went on the absentee list this morning: Henry Shuster, Fred Walda, Charles Yohe, Hugh Walsh, Samuel McAfee, Henry Dickmeyer and Fred Olde. None of those who were reported sick before have returned, showing that the grip still continues to be on the increase.

Next Wednesday, at South Bend, Ind., will occur the wedding of Harry L. Taylor and one of the well known and most estimable young ladies of that city. The affair was to be kept a secret, on account of the bashfulness of the prospective groom, but, as in all such cases, it has leaked out. Mr. Taylor is bill clerk at the Pittsburg freight office.

WAS COMING EASY.

Elmer Forckel Prevents Carl Aker From Being Fleeced.

As a Result He is Pummeled by John and Phil Kennedy—Saloon Closed to Police Court.

At an early hour this morning Officer Collins met Elmer Forckel on Main street. The young man was covered with blood and when questioned told the officer that he had been assaulted in a room above Phil Kennedy's saloon, where a poker game was being played. Forckel claimed that his cousin, Carl Aker, had about $900, which he was preparing to invest in a tobacco and cigar store. They visited Kennedy's place and were invited to take part in a game of poker on the third floor. During the game Forckel claims the Kennedys tried to cheat Aker and he protested. Forckel was told to close his mouth, but he wouldn't do so and John Kennedy proceeded to punch him. Officer Collins visited the Kennedy saloon and arrested John Kennedy, jr., Aker and the man who occupied the room in which the poker game was played, having left the saloon. Young Kennedy and Forckel were taken to the police station and locked up until this morning.

Forckel has sworn to affidavits against Phil Kennedy, charging him with conducting a gaming house and with selling liquor without a license. Two affidavits against John Kennedy, jr., charge him with frequenting a gambling house and assault and battery. The Kennedys retained Colerick & Casmerow and the cases were continued until tomorrow morning.

HIS FEET FROZEN.

George Gray, a colored man, was arraigned on a charge of vagrancy. Gray was a guest of the tourists' cell at the police station last night, having walked from Crestline, Ohio, to Fort Wayne. This morning his feet were frozen and he could not get his shoes on. Dr. Charles Romy dressed the man's feet and suggested that he go to jail. Accordingly the charge of vagrancy was made against him and Gray went to jail to be attended by a doctor.

SULTAN CANNOT SLEEP.

Betrayal and Arrest of Men Implicated in a Plot to Kill Abdul Hamid.

Moscow, Feb. 3.—Telegrams from Constantinople announce that conspirators against the life of Sultan Abdul Hamid have been betrayed and all have been arrested. This discovery, together with the finding and confiscation of a large number of Albanian revolutionary proclamations, preys upon the sultan's mind and he is unable to sleep.

The palace guard has been increased as a provision against a sudden outbreak of the Albanians in the capital.

The czar has given 1,000,000 rubles ($490,000) from his privy purse for the relief of Russian famine sufferers.

The emperor has expressed his sympathy with Prince Ferdinand of Bulgaria in his bereavement, and all the members of the diplomatic corps at St. Petersburg have offered their condolences to Dr. Stanzcholf, formerly Bulgarian diplomatic agent and now minister at St. Petersburg.

IS NOW PERMANENT.

Christian Missionary Alliance Firmly Established.

The Visit of President G. N. Eldridge Results in Much Good—Officers Elected.

The visit of Rev. G. N. Eldridge to Fort Wayne this week has resulted in placing the local branch of the Christian Missionary Alliance on a firm basis. The organization had existed in a way for a year past, but it lacked thorough organization. To remedy this Rev. Eldridge, who is president of the alliance for the state, addressed a series of meetings at Wayne street M. E. church and a permanent organization was effected and the following committee was appointed to manage the affairs of the association: B. F. Tinkham, Charles Ensley, W. D. Williams, James Trythall, J. W. Lane, James A. Quince and D. A. Wolford. Officers were elected as follows:

President—D. A. Wolford.
Vice President—B. F. Tinkham.
Secretary—J. A. Quince.
Treasurer—James Trythall.

LIVED AND DIED TOGETHER.

Laporte Couple Sixty-four Years Married to be Buried on Saturday.

LAPORTE, Ind., Feb. 3.—After having lived happily together as husband and wife for sixty-four years, John and Mary Babbitt, of this city, are dead, having passed away within a few hours of each other. Both were born in the same village in Prussia, the wife in 1812 and the husband in 1814.

They became sweethearts while children and in 1834 were married, coming to America in 1856. The greater part of their married life since coming to this country had been spent in Laporte county, and they held the distinction of being the oldest married couple in northern Indiana.

Their natures were very sympathetic and the actions and illness of one affected in a similar manner the other. Sixteen years ago Mrs. Babbitt knit the stockings in which she and her husband were to be buried. The past few years they had been in unusually good health, but ten days ago the wife was taken ill and the following day the husband sickened.

The desire of both was to die at the same time and their wish was fulfilled, for the husband passed away Tuesday and was followed last night by the wife. This will be the first double funeral ever held in Laporte county of husband and wife where natural causes had produced death and will take place on Saturday afternoon.

FIRE BRICK TRUST FORMING.

Big Companies of the East Hold a Meeting in Pittsburg.

PITTSBURG, Feb. 3.—A fire brick trust is the latest organization said to be forming. Ten of the most powerful fire brick companies in this district were represented at an informal meeting in the Park building yesterday for this purpose.

The ostensible object is to form an association of fire brick manufacturers to raise prices, but the ultimate object, it is believed, is the formation of a combination which will take in companies that at present represent a capital of over $7,000,000.

A committee was yesterday appointed to draw up rules and bylaws under which an association will be governed, and another meeting will be held next week to hear its report.

A TRAVELING SALESMAN

Gives Light Praise to the Cooks on the Road.

Soon after the Symns Grocer Co., of Atchison, Kas., for whom I travel, put Postum Cereal Food Coffee in stock, I was attracted to it and left off the use of coffee and began using Postum.

Of course, I had trouble to get it properly made, for most cooks make coffee in a slipshod kind of a way, and Postum is good only when it has been boiled a long time, for it don't have the right taste unless it is properly boiled, then any one who knows anything about a good cup of Postum, recognizes its flavor.

I was formerly very seriously troubled with indigestion and frequent attacks of sick headache. I had thought for a long time that the trouble was caused by coffee, but never could exactly bring myself to get away from it. However, the Postum takes its place so beautifully that I never have missed the coffee, but have been very glad to miss the troubles. I am delighted to say I have not had a spell of sick headache since I began using Postum, and have naturally talked it hard to my customers and others whom I meet on the road. L. H. Thompson, Pratt., Kans.

Hon. James M. Barrett, of the law firm of Morris, Barrett & Morris, who has been confined to his home by illness for the past two weeks, came down to his office yesterday morning, but his condition was such that he was obliged to return to his home again.

Again last evening the West Jefferson street Church of Christ was well filled to hear Chaplain Medbury. His sermon was on the subject of "Excuses," and was an eloquent and logical answer to the objections so often urged by people who are not followers of Christ. The subject of the sermon tonight will be, "Fulfilling Our Mission." The series of Bible readings given by the pastor will be concluded tonight.

Dr. G. B. McGoogan has returned to his old position, that of deputy revenue collector of this district. The doctor resigned recently for the purpose of accepting what he thought was a more desirable position in the weather bureau at Philadelphia, but the place was disappointing. He sought to be re-instated, and as will be seen, with success. During McGoogan's absence the duties of the office were discharged by Mr. Winegardner, who has now returned to New Albany.

GATES' MEXICO TOUR,

February 14th, '99.

Persons having this grand 24-day tour under consideration should make early application for accommodations, as the party is absolutely limited and space in the sleepers and compartment cars is going fast.

Remember, this tour covers all the historical and interesting places in Mexico, including a stay of seven days in the City of Mexico.

The price of tickets ($300 50) covers all expenses, including railroad tickets good over the entire route of the tour, going and returning; side trips, one-half section in sleeping car, hotels, all meals in the dining car during the entire trip, services of guides and interpreters, fees for sightseeing, etc., etc. This is a tour of a lifetime and is made in a luxuriously appointed train of palace cars. For full particulars apply to R. G. Thompson, Conductor of Tour, Wabash Ticket Office. Phone No. 6. 31t6

A Few Facts About Jackets!

FACT NO. 1

and it's worth your careful consideration, too. It's the fact, that every garment in our stock is of this season's make and style. No cut-over sleeves—no remodeled garments of any kind. If we had that kind we would be glad to sell them at one-fourth of others antiquated prices.

FACT NO. 2

All our Jackets are divided into just three lots. We have no reserve or burried treasures.

FACT NO. 3

Every garment in our stock is just as advertised—all plain truths simply told.

More Facts and Prices.
